County Orders WALTERIA HOG RANCH CLOSED

A hog ranch operating in WALTERIA without a permit has been ordered to cease operations by October 20 county health officers stated this week.

The ranch, located opposite the Smith Bros. Fish Shanty restaurant on Pacific Coast Highway was keeping 22 head of hogs, as well as geese and ducks, stated Doyle V. Davison, sanitarian for the Los Angeles County Health department.

The complaint that the ranch was a breeding place for flies and a health menace was received by the Fly Abatement Committee of Torrance and subsequently turned over to the county agency (which serves the city of Torrance) for investigation.

Serves on Carrier
Lt. (ig) Vernon R. Fierce, USN, son of Mr. and Mrs. V. R. Fierce of 2263 El Dorado Street, is serving with Attack Squadron 114.

GET POLICE BILLING . . . The Song Brothers, a male quartette, are scheduled to appear on a star-studded 10-act review to be staged at Torrance-High School Auditorium, Saturday, Oct. 22 by the local Police organization. Left to right they are Clarence Badger, Arthur McCulloch, John Moss, and Arthur Bradley

Eye for Justice Dimmed; Thief Takes Glasses

Howard Hudson's eye for justice was dimmed Saturday night; a thief stole his glasses. Hudson, of Tujunga, emerged for a Carson street cafe Saturday night in time to find a stranger in his car. The stranger, whose pockets were allegedly crammed with Hudson's belongings, agreed to give everything back in exchange for his freedom. Hudson agreed.

What Hudson couldn't see, was the absence of two pair of his reading glasses and an electric razor. He reported the incident to police.

School Board Member Honored At TECA Meet

Mrs. Grace Wright was re-elected moderator of the Torrance Educational Advisory Committee yesterday at the organization's regular monthly luncheon meeting at Daniels Cafe.

Mrs. G. H. Miller, who represents the Hollywood-Rivera Home Owners Association on the educational committee, was chosen vice-moderator, and Mrs. Evelyn L. Carr was re-elected secretary without opposition. Both Mrs. Wright and Mrs. Carr are members of the school board.

An expression of gratitude for the high type of service rendered to the advisory committee by its officers and the school staff was voiced on behalf of the membership by Robt. L. Plomert, Jr., representative of the Torrance Industries Tax Committee.

Due to extensive remodeling of the dining room at Daniels Cafe due to be undertaken soon Mrs. Wright reported that another meeting place would have to be secured. She indicated that the use of the American Legion Hall on Boyer avenue was being considered.

Supt. of Schools J. H. Hull reported that total enrollment at Torrance schools was now close to 3900 and he predicted that it would reach the 4000 mark before the year is over. Next year, we can expect there will be from 4500 to 5000 school children who must be provided for by Torrance schools, Hull stated.

This will require two new elementary schools. These can only be financed through a new bond issue or increase in the tax rate, Supt. Hull warned. When the high school cafeteria is completed, the school board will have provided everything it promised from the previous bond issue, Hull said. "It's rather remarkable that we are able to come out even," the superintendent commented.

This week a number of other school districts in Los Angeles county approved bond issues by overwhelming majorities. Included were: Redondo Beach, \$1,050,000 bond issue by a 3 to 1 vote; Manhattan Beach, \$400,000 by 10 to 1; Bellflower, \$250,000 by 12 to 1; El Monte, \$378,000 by 3 to 1; San Marino, \$240,000 by 3 to 1. Redondo Beach voters also approved an increase in the school tax levy of 9c to \$140 per \$100 assessed valuation.

Council Whips Through Heavy Legal Agenda

Proceeding with the plan to eliminate the dog-leg in Crenshaw boulevard at 190th street the City Fathers Tuesday night authorized the call for bids on the project.

The council, whipping through a full agenda in quick order, took the following action:

Denied a request from Leo Wagner of the Hammetton Community Church for free use of the Civic Auditorium on December 6 to show a religious movie.

Mayor pro tem George Powell suggested the movie be sponsored by a resident of the city.

If this is done the payment of the auditorium rental may be waived, the acting mayor indicated.

Entered into an agreement with County of Los Angeles and the Torrance School District for the operation of recreational facilities in the El Nido area.

Enacted an ordinance creating a license and tax collector. The function is temporarily being performed by Dale Riley, superintendent of recreation.

Ordered the city attorney to study the proposal of codifying the city ordinances.

Took under advisement a proposal to rent Helen's Cafe, 1610 Cabrillo avenue, for a city bus depot. The cafe is due to move across the street.

Took under advisement a proposal from the Civil Service Commission that a high school education be required as a prerequisite for city firemen applications.

Referred to the recreation commission for study a report from the VFW that they were discontinuing the Friday night teenage dances at the Civic Auditorium. Jess Dean, commander of the post, stated that the rent of the Auditorium and other expenses prohibited the continuation of the dances. He pointed out that the VFW had paid \$4000 for rent and \$1500 for special police protection during the past three years. Inasmuch as it was felt that the affairs were contributing to the youth recreation program of the city the matter is to be studied by the recreation commission.

Postponed the appointment of Mayor J. Hugh Sheriff Jr., as a member of the board of directors of Sanitation District No. 5 of the South Bay Sanitation District until the city attorney has an opportunity to rule on the resolution.

Accepted the offer of the San Pedro Disposal Company to haul away animal carcasses found within the city. The company's trucks are radio-phone equipped and maintain 24-hour service, according to City Manager George W. Stevens.

Suggested a new solution be sought for the parking problem encountered near the Christian Science Reading Room, 1750 Manuel avenue.

Granted permission to the Toastmasters Club to erect an insignia on the organizational standards located throughout the city.

Heard a recommendation from Earl A. Lloyd, planning engineer, that that section of Hickory avenue now zoned A-1 be rezoned to R-2. He reported that the majority of the land owners on the street favored the change.

Teen Group Dance Slated

All North Torrance teenagers have been invited to be on-hand for a dance to be held Saturday evening at the Perry School Auditorium.

The dance, being held under the direction of North Torrance Civic Improvement Association's Boys Club, will feature square dancing as well as popular rhythms.

Plans are currently in the making to hold a teen-age dance every Saturday night at Perry School.

Husband Booked on Felony Charge of Wife-Beating

An alleged week-end fracas with his wife, Monday afternoon made Frank L. Guttierrez, 32, of 3701 Emerald avenue, answerable to two felony charges. Municipal Judge Otto B. Willett set October 15 as the preliminary hearing date at which time Guttierrez will answer to charges of assault with a deadly weapon and wife-beating.

According to police, Guttierrez beat his wife about the body and inflicted a deep gash on her forehead with a knife. She retaliated, police said, by throwing a medicine bottle which struck her mate on the forehead.

Accepted the offer of the San Pedro Disposal Company to haul away animal carcasses found within the city. The company's trucks are radio-phone equipped and maintain 24-hour service, according to City Manager George W. Stevens.

Suggested a new solution be sought for the parking problem encountered near the Christian Science Reading Room, 1750 Manuel avenue.
